NOTICE OF STAFF DECISION

Topic: Charleston County Bees Ferry Class 2 Landfill Tonnage Increase and Expansion

Location: 1344 Bees Ferry Road, Charleston, S.C.  
Charleston County

Per the Final Order and Decision of the S.C. Administrative Law Court and pursuant to Code Ann. Sections 44-96-10, et. seq., and 25A S.C. Code of Regulations Section 61-107.19, *Solid Waste Management: Solid Waste Landfills and Structural Fills*, and after a review of the revised Charleston County Zoning and Land Development Regulation (ZLDR) a permit has been issued for the above referenced facility for a tonnage increase and landfill expansion. After a careful review of the information submitted to the Department of Health and Environmental Control (DHEC) by Charleston County (the Applicant), staff determined that a Class 2 Solid Waste Landfill expansion permit should be issued for the above-referenced facility. The permit was issued on Thursday, September 1, 2011, and was mailed on the same day via certified mail to the Applicant.

This decision of the S.C. Department of Health and Environmental Control (Department) becomes the final agency decision 15 calendar days after notice of the decision has been mailed or otherwise sent to the applicant, permittee, licensee and affected persons who have requested in writing to be notified, unless a written request for final review accompanied by a filing fee in the amount of \$100 is filed with the Department by the applicant, permittee, licensee, or affected person. Instructions for requesting a final review by the Board of DHEC can be found on DHEC's website at:
